

**ATTACKING  
THE  
QUEENSIDE**

**Boris Shashin**

## **ATTACKING THE QUEENSIDE**

Everyone knows how to conduct a kingside attack – but what happens on the other side of the board? Boris Shashin, a leading Soviet writer, shows you how to:

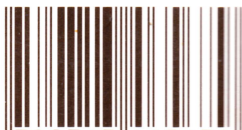

- Attack with a queenside majority
- Launch a minority attack
- Use weak squares in your opponent's position
- Make the most of open and half-open files, especially in the Sicilian Defence

All these and more (including the right way to defend!) are covered in this concise, entertaining and instructive battle manual.
