Chess Informant has published 64 570 games over the last 30 years from the most important chess competitions worldwide. Our aim has been to preserve valuable over the board achievements that have enhanced the game of chess.

The ten best games from each volume of Chess Informant were chosen by a jury of leading chess players. Their choices comprise the 640 games in this book. Naturally, this includes the best game from each of the 64 volumes.

In a celebration of the last 30 years, Chess Informant expresses its gratitude to its thousands of contributors and invites its readers to vote for the ten best games from the top 64 giving each choice a mark from 1 to 10. Those readers whose votes are most consistent with those of the jury of eminent grandmasters will receive a prize.
