

GAMBIT

101 Brilliant Chess Miniatures

A collection of sparkling modern gems to instruct and entertain

John Nunn

GAMBIT

One of the world's finest writers on chess presents his selection of brilliant modern games of 25 moves or fewer.

Much can be learned from these sparkling miniatures. John Nunn examines both how the loser might have avoided disaster, and explains how the winner managed to punch home his advantage so effectively.

An innovative format, with three diagrams per page, enables the book to be read without a chess set, making it ideal for readers looking for an entertaining book to dip into.

Dr John Nunn has been one of the world's leading grandmasters for nearly twenty years and regularly competes in both grandmaster tournaments and domestic events. He has won four gold medals in chess Olympiads and finished sixth overall in the World Cup in 1989. His books have won the British Chess Federation Book of the Year Award twice – and counting! His first book for Gambit, *Secrets of Practical Chess*, was an instant bestseller.
